- It is the camper's responsibility to make reservations year to year. Your site is not guaranteed until a reservation is made.
- Please turn off any items in your camper that are not being used while you are gone for an extended period of time. This helps prevent tripping breakers during periods of high heat. Remember that you can use propane for refrigerators and hot water heaters to conserve electricity.

- Dismantling or working on vehicles is prohibited.
- Only 2 vehicles per campsite are permitted at a time.
- Avoid large stockpiles of wood, which could attract undesirable insects and rodents.

- Summer emergencies have caused us to move campers during the camping period. We will only move campers that have been prepared for removal by the occupant. Requests for removal should be made and approved by the occupant. (We cannot call everyone and get all campers prepared for removal). This task can prove to be dangerous to our staff during emergency periods.
- Alcoholic beverages are acceptable at Friendship Village, but they must be confined to the campsite area only. Kegs of beer are not permitted at any time. Intoxication is prohibited!
- Friendship Village Campground is not liable for any injuries that may occur on campground property.
